TaxTruth visits Eddie Kahn's offices / Attends seminar

Hello Family and Friends,

It is important for me to let you know how very important you are in Eddie's and my life. I thank each of you from the bottom of my heart for all the help and support in prayer, in actions, and monetarily that you have assisted in since our nightmare in Panama began.

On Oct. 31, 2006 Panamanian Immigration Officials (instructed by the FBI), kidnapped Eddie off the streets as he approached his attorney's office to meet with her and a reporter who said he wanted Eddie's side of the story regarding the Wesley Snipes case. What a co-incidence that they knew where Eddie was going and why especially since phone tapping is illegal in Panama.

Timing was such that apparently the FBI felt they had to stop Eddie before the media got the TRUTH about Wesley's tax return. I am told Eddie's office had over 100 people in 32 states filing amended returns and they were receiving funds back. It was only when

Wesley filed his that the big flag was waved. Why? If it was not legal and acceptable, the IRS would not have allowed ANY monies back to ANYONE. These forms also had attached a statement saying that IF for ANY reason they were unacceptable or deniable, then please contact the client for an administrative hearing. This is the proper legal procedure. WHERE'S THE CRIME? To my knowledge the IRS did NOT send any money back to Wesley and the IRS did NOT schedule an administrative hearing.....what they DID do was file CRIMINAL CHARGES against Wesley Snipes, Eddie Kahn, Presiding Overseer of Guiding Light of God Ministries and Manager of American Rights Litigators, and Douglas Rosile, the gentleman who prepared the return.

When Wesley Snipes decided to file using the 861 argument he stood to receive a lot more money than most people would. Rather than address the issue, the IRS and Dept. of Justice (DOJ) just wrote "fabricated" press releases so the media could have a heyday.

People "hear" on the TV, and "read" in the paper that it is a scam or fraud or whatever other negative connotation they choose to call it. It would be simple enough if even one reporter would look at the 861 statute, and "show the law"but instead they let the IRS and DOJ press releases think for them. What kind of investigative reporting is that?

Congratulations to those of you who actually checked it out, and did not take the media's word for it! You are one in a million. In fact, the IRS is counting that most of the people will be crippled by FEAR and conform to the threats, rather than ask to see the law itself. If it was not allowed or illegal, the IRS would not allow it for anyone!

It is our experience and belief that the 4 letter word FEAR is crippling the American public without their awareness or true knowledge of what is happening. It reminds me of the story about a frog in the pot on a stove and how he will cook to death because he is unaware that the heat is getting hotter, when he could have been saved by simply jumping out of the pot.....so long as he did it in time. Welcome to what is currently happening in America.

Remember Willie Nelson?.....Red Fox?.....well now it is time for Wesley Snipes. Eddie is just the fall guy this time around. The IRS always needs a poster boy for the upcoming tax season. Wesley is the perfect target.....he's a black man.....good looking black man.....a wealthy good looking black man, and a celebrity to boot! Eddie did a private seminar a few years ago in Wesley's California home. Eddie explained to Wesley that he admired Wesley's interest in the Tax Honesty Movement, and reminded Wesley that if the IRS ever came down on him that he had a lot to lose. Wesley discussed with Eddie the fact that he himself had studied the documentation of the law, and believed Eddie to be right. He also said he wanted to proceed because this was not about money but his decision was based on principal. He wanted to stand up for truth.

We have no idea what Wesley will do or say. He has not been in touch with the people working to free Eddie thus far. From what we saw in Wesley he appeared to be an honorable, deep thinking and intelligent guy who believes in and stands up for truth. Will he turn against Eddie now and just try to make a deal with the beast? You never

know what someone will do when their back is to the wall and they are threatened with years of incarceration. This is Wesley's and Wesley's decision alone. He was given the information, studied it himself, agreed that the truth was there, and he asked to proceed having full knowledge that the IRS does not play fair and could make his life a living hell.

From what we understand there are others who have supposedly turned against Eddie and made "deals" with the government to be prosecuting witnesses. It happens all the time. We know these individuals know the truth. They know that we will not be the one to ultimately judge them, that we are all held accountable for our actions, and we know that unfortunately, their actions are a witness to their children showing their true character. As sad as this is, for us, we remain faithful to the ONE who matters. We have already forgiven them for what they are doing to us, but we are ultimately not the one they are accountable to. What Eddie will do is continue to stand in TRUTH wearing the full Armour of God. That is what he has been called to do.....this is the Lord's battle, not Eddie's. He will do his part no matter what anyone else does or how it will affect his outcome. I will do my part in supporting him.....no matter what. We have other good friends in this fight who continue to stand for TRUTH and are currently being harassed. It is only because of people like this who are willing to give their lives for this cause that America has any freedoms to begin with. This country is losing their freedoms right and left because there are few people willing to fight.

The night of the kidnapping Eddie stayed in the Ancon jail. I was allowed to see him for 5 minutes with our attorney present. The chief at the police station shook my hand, looked me in the eye, and assured me that they had no plans to deport him the next day and that I could rest well that night. The FBI put Eddie on a plane the following morning! They had no warrants, no proper paperwork, and the entire drama was totally illegal. An unnamed immigration worker said that this was the most corrupt incident she had ever seen happen in the Panamanian Immigration Office. **Furthermore this illegal act was carried out against the Panama Supreme Courts orders.**

Eddie's attorney was threatened by David Wattley from the FBI, that if she continued to help her client that he would see that her US Visa was revoked and that he would cause other problems for her including jail time, fines or both. Sandra, his attorney was upset as were other attorneys in Panama that their profession was being compromised and that greasy palms in a slew of events could even persuade Immigration officials to ignore the highest court decision of their country. Due to this series of events, I was asked by the attorneys and several people in Panama to make a statement on the news. David Wattley advised our attorney that for my own safety I might not want to do that.

As soon as the media frenzy with Wesley Snipes hit the streets, Panamanian Immigration did the research and called our attorney to let us know that our Pensionado Visa papers were all in order, done correctly, and as far as they were concerned, Eddie had nothing to worry about. We chose Panama as our place of residence after the IRS and FBI raided and shut down the Guiding Light of God Ministries Office in 2002. As some of our close

friends in Panama say....."It's time to live in Freedom instead of continuing to fight for it."

After Eddie was taken he was interviewed by Ricardo Julio Vargas, Director of Immigration, (who incidentally happens to be up for a promotion). Mr. Vargas questioned Eddie about any other problems he might have with the US Government. Eddie told him that after we came to Panama over 2 1/2 years ago that apparently there was a hearing scheduled and a notice sent out to him which he never got. Not knowing about it, and subsequently not attending, the judge held him in contempt of court (a civil matter). Eddie said "YES, I have this issue." What did Ricardo Vargas do with this information? He reported that Eddie said NO..... no other issues with the US Government. This lie is what immigration (instructed by the FBI???) used to build the story that Eddie Kahn was a liar. The news casts that night all talked about how Eddie lied to them when questioned about other issues with the government, how he lied to get a false Pensionado Visa, and how he will lie about anything. The expat community knew Eddie as a strong Christian believer and Eddie was often the one to offer prayers when gathering for meals, etc. The news capitalized on Eddie's principles and furthered their story to produce a fabricated story that Eddie was a liar by interviewing a gentleman who was a member of the First Baptist Church of Balboa. This is not the church we attended. The reporter questioned the gentleman and said that Eddie told people he was the pastor (NOT!) and asked the man if this was so. The mans understandably reported that no, in fact Eddie was not the pastor, that he did not know who Eddie was nor had he ever seen him. So from what I am told the records show that Eddie was kicked out of Panama for perjury. Incredible.....especially when that is the one thing he stressed to the kids.....do not lie.....not be commission or by omission.....simply do not lie!

I have always been told to believe only half of what I see and nothing of what I read. I understand this concept to the fullest now.

Our time in Panama was very refreshing and renewing meeting people who were like minded thinkers. As we see events unfold in the US and see the way people reacted to them it confirms our beliefs regarding our country. Forgive me but I see the country I love turning into another Germany right before my eyes.

As a couple, we have done all that is humanly possible to help avoid that. That has been our heavenly assignment, and we have been faithful to that calling. Some of you do not understand how we could jeopardize our family life by standing for this truth. Others understand if very well and have commented to us that they agree wholeheartedly but just did not have the guts to do what Eddie has done. Yet, others love us and grieve for our situation saying that the Lord puts different things on different people's hearts but this is not something that He has put on theirs. Whatever your position is, please know that we do not hold anyone else in judgment and that we count you all as dear ones and a positive influence in our lives.

I have been asked by so many people to keep them updated on Eddie's situation as things develop. If you care to be included on this list there is no need to respond as I have included you in this thank you. I know there are others that I would have liked to include here but I do not have their emails. If you know others who did not get this message and would like to have it, please feel free to forward this message and they can return an email to this address asking to be put on the list. In the same token, if you have received this email and wish to be taken off the list for personal or other reasons, all you have to do is let me know. I will not harbor any ill feelings.

I will try to keep you updated as things develop but please know and understand that it will not be on a daily basis.

My duties since I landed on American soil are a nonstop effort to help free Eddie. He is being mistreated in the jail and his health is being compromised. A Physician's Assistant has indicated his needs but those evaluations are being ignored.

Up to this point the Judge has said that Eddie was a flight risk and did not want to let him out on any bond. If the truth be known, they do not want to let him out so that he can properly prepare for trial which has been scheduled for March. I have surrendered his passport and also turned in a copy of his Offer of Conditional Acceptance. This document was originally given to FBI Agent David Wattley by Sandra Cerrud, Eddie's Attorney in Panama at the US Embassy. When handed to him, he rudely threw it back at her and said that he would not accept it. Eddie could also wear a fashionable ankle bracelet. Well, the good news is, that **Thursday, December 14th at 10:00 AM** (changed from the original 2PM time), there will now be a Bond Hearing. Please keep him in your prayers regarding this.

For those of you asking about sending Eddie mail or a note of encouragement, his address is:

Eddie Kahn #0101545
Pod D - D
c/o Marion County Sheriff's Office Detention Center
700 NW 30th Ave.
Ocala, Florida 34475

At this point I would wait to see how the Bond Hearing goes before sending anything because hopefully he won't be there to receive it after Thursday. This is my positive thinking happenin'! I will return to South Florida and let you know the news within a few days.

Some of you have also requested the address to send donations for Eddie's defense fund. That address is:

This Day Christian Ministries
c/o Eddie Kahn Fund

Lauderhill, Florida 33319

And, last but not least if you have not seen the movie "FREEDOM TO FASCISM", an Aaron Russo Documentary, I encourage you to do so. It is our life in a nutshell and many of the people in the movie are our very close friends who have also been victimized. In an effort to educate the American public a friend of ours contacted Aaron Russo about making copies of his movie for distribution to the public. I got an email from Aaron a few days ago telling me that in efforts to free Eddie we could copy and distribute as many copies as we wanted. I am told you can view this movie online at www.freedomtofascism.com. The quality and sound may not be as good as in the theatres but it is scarier than any Halloween movie. Your undivided attention will keep you from missing some excellent quotes. It runs 1 hour and 49 minutes.

Aaron Russo's America: Freedom to Fascism Synopsis

Wednesday, 28 June 2006

Determined to find the law that requires Americans to pay income tax, Aaron Russo (THE ROSE, TRADING PLACES) sets out on a journey. Neither left- nor right-wing, this startling examination exposes the systematic erosion of civil liberties in America. Through interviews with US Congressmen, a former IRS Commissioner, former IRS and FBI agents, tax attorneys and authors, Russo connects the dots between money creation, federal income tax, voter fraud, the national identity card (becoming law in May 2008) and the implementation of radio frequency identification (RFID) technology to track citizens. A striking case about the evolving police state in America.
